

# Environmental Policy Statement

We are committed to providing a quality service in a manner that ensures a safe and healthy workplace for our employees and guests, whilst constantly striving to minimise our impact on the planet; economically, environmentally and socially. By implementing these proactive measures, we are helping to protect and sustain the environment for future generations.

In delivering our commitment we will:

- Promote the use of local suppliers, producers and manufacturers where possible so minimising carbon emissions coupled with supporting the local economy.
- Promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner.
- Purchase and use environmentally responsible products accordingly.
- Reduce waste through re-use and recycling.
- Integrate the consideration of environmental concerns and impacts into all of our decision making activities.
- Promote efficient use by regular monitoring of all materials and resources throughout the hotel including water, electricity, raw materials and other resources.
- Avoid unnecessary use of hazardous materials and products, seek substitutions when feasible, and take all reasonable steps to protect human health and the environment when such materials must be used, stored and disposed of.
- Communicate our environmental commitment to clients, customers and the public through our website.
- Ensure that staff and guests are aware of this policy by displaying it on notice boards around the site and making this Policy available to other interested parties.
- Strive to continually improve our environmental performance and minimise the social impact and damage of activities by periodically reviewing our policies in light of our current and planned future activities.
